

# Open Head Drum Mixer

## ASC-55-APS | CAPACITY: 55 GALLONS

The ASC-55-APS is an all-purpose mixer engineered for reliable in-drum mixing in standard 55-gallon containers. Designed for versatility and ease of use, this unit delivers consistent agitation across a wide range of materials and viscosities. Its durable construction and efficient drive system ensure long-term performance in demanding industrial environments. With a user-friendly design and minimal maintenance requirements, the ASC-55-APS is an excellent choice for facilities needing a dependable, general-purpose mixing solution.
